

OVERVIEW

Grime Scene™ Hand Cleaner is a heavy-duty biodegradable product that gets hard working hands clean. It utilizes powerful plant-based solvents and scouring agents to safely cut through serious grime. It can be used as a waterless cleaner, so Grime Scene™ is a great option when water is not readily accessible.

FEATURES & BENEFITS

- Waterless hand cleaning where water is not readily accessible for cleanup.
- Removes tree sap, paint, adhesive, grease, oil, hydraulic fluid, and more.
- Utilizes natural plant-based solvents to breakdown dirt and grime.
- Sting-free formula does not irritate cuts or scrapes.
- Contains cocoa butter, coconut oil, and vitamin-e to keep skin moisturized.
- Biodegradable formulation.
- Pleasant scent.
- pH of 7 (similar to plain water).
- Leaves hands feeling clean and moisturized.

APPLICATIONS

- Grime Scene™ Hand Cleaner is ideal for hard working hands that get filthy. It is particularly useful on job sites where water is not readily accessible for cleanup. This includes garages, new construction sites, barns, industrial facilities, rural areas, and more.

DIRECTIONS

1. Rub Grime Scene™ Hand Cleaner into hands until dirt, grease, and grime is dissolved.
2. Wipe hands dry with a cloth or rinse with water.
